Garden Park Villas Association

July 8, 2024

Reviewers,

I would like to provide this review on behalf of Garden Park Villas Association (HOA) management for Paul S. Joo CPA. Over the last two years our Association management worked with Paul Joo and his team to help unravel our tax returns nightmare and get our organization's nonprofit tax-exempt status completed.

Paul initially met with our HOA at a convenient time for us to thoroughly explained what needed to be done and gave us a realistic timeline on how long things would take for each step. Paul and his team were very professional and patient with us as we went through the 2-year process to clean everything up. His team also helped create our financial statements for the three years that we needed to file.

We are very thankful to him because he took the time to take on our complicated case and said he could not make any promises, but we would do everything he could to minimize our risk. He was a man of his word and was very responsive to our emails. I can't thank him enough for all that he did and what his team did to help us understand what our choices were and what was realistic to resolve the issue. As a small HOA, we were also happy that his prices were very reasonable. We now have a better system for tracking our transactions and I feel confident that Paul will be there to assist if we have any problems.

Sincerely,

Debbie Wells
